PS-1	An insurance claim auditor or investigator responsible for validating thousands of monthly claims.	Quickly and accurately identify which incoming automobile insurance claims are fraudulent and which are genuine.	Manual verification is extremely time-consuming, prone to human error, and fraudsters are using increasingly complex patterns to hide their activities.	Traditional rule-based systems are too rigid and fail to catch non-linear patterns in the data, leading to massive financial losses for the company.	Overwhelmed by the workload and frustrated by the high rate of undetected fraud that bleeds institutional capital.
